

LAURELHURST TENNIS COURT DRAINAGE RENOVATION

Seattle Parks and Recreation project manager will present information and answer questions on the upcoming drainage improvements for the Laurelhurst Tennis Courts at the Laurelhurst Community Club meeting. The existing lines are in poor condition and require an upgrade.

The new overall drainage will minimize flooding and reduce future maintenance.

The southern tennis courts will be closed this spring and early summer during construction, with construction completion before the end of June as to not interrupt the summer tennis camp. Seattle Parks and Recreation will work with the contractor to minimize impacts to the neighborhood and park.
